COMMUNITY HEALTH & WELLNESS PARTNERS OF LOGAN COUNTY

A Federally Qualified Health Center

We Will Continue To:

- Provide you with a care team who will know you and your family.
- Respect you as an individual
We will not make judgments based on race, religion, sex, age, disability, etc.
- Respect your privacy
Your medical information will not be shared with anyone unless you give us permission or it is required by law.
- Provide care given by a team of people led by your healthcare provider.
- Give the care you need when you need it.
- Give care that meets your needs and fits with your goals and values.
- Give care that is based on quality and safety.
- Have a provider on call
24 hours a day and 7 days a week.
- Take care of short-term illness, long-term disease and give advice to help you stay healthy.
- Tell you about your health and illnesses in a way you can understand.
- To improve your care we are using technology - like our Electronic Health Record and we will strive to continuously improve.

What are the Benefits of a Community Health Center?

Cost Effective Care:

Care received at health centers is ranked among the most cost-effective.

High Quality of Care:

Studies show that the quality of care provided at Federally Qualified Health Centers (FQHC's) is equal to or greater than the quality of care provided elsewhere. We put our patients first.

Effective Management of Chronic Illness:

Health centers meet or exceed nationally accepted practice standards for treatment of chronic conditions. FQHC are recognized as models for screening, diagnosing, and managing chronic conditions such as diabetes, cardiovascular disease, asthma, depression, cancer, and HIV. FQHC's efforts have led to improved health outcomes for their patients, as well as lowered cost of treating patients with chronic illness.
